BRACAnalysis CDx® is FDA-approved to identify patients with pancreatic cancer who have a germline BRCA1 or BRCA2 mutation.

One-week Turnaround Time Option for Patients with Pancreatic Cancer
Accelerated Ordering Process for Pancreatic Cancer

1. Go to BRACAnalysisCDx.com to order a test kit and the priority labels needed for the pancreatic cancer accelerated ordering process.
2. Follow the BRACAnalysis CDx ordering instructions located inside the test kit.
3. Place the priority label for patients with pancreatic cancer on the outside of the FedEx package.
4. Once Myriad receives the sample, you will receive the results of the BRACAnalysis CDx test in one week or less in your MyriadPro account.

- You can also register for a MyriadPro account at BRACAnalysisCDx.com
